

Sharks With Funny Names

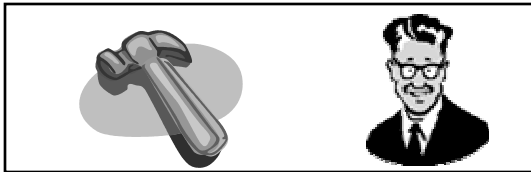

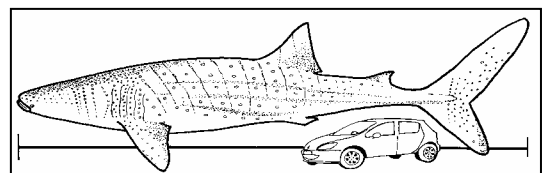

Many sharks have funny names but these names are useful because they often help to describe what a shark looks like or how it behaves.

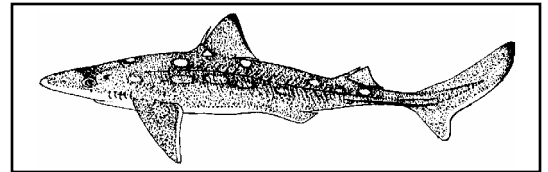

Using the pictures on the left, guess the name of the shark and write the name in the box next to the picture. To help you, the names of the sharks are at the bottom of this page. Match the name of the shark with its real picture on the right by drawing a line from the name to the correct picture.
